Gough adds another to the Portfolio

Gough Recruitment, Australia's leading Property and Real Estate Recruiter has announced the opening of the fourth office for the Group since it was founded in 1989. Gough Recruitment (QLD) will be based in Newstead, Brisbane and is set to further enhance the presence of the Gough Brand nationally.

The new office, which opens on 18 August 2010, will bring Gough's boutique service offering to the Queensland market and target areas stretching south of the Gold Coast and as far north as Cairns.

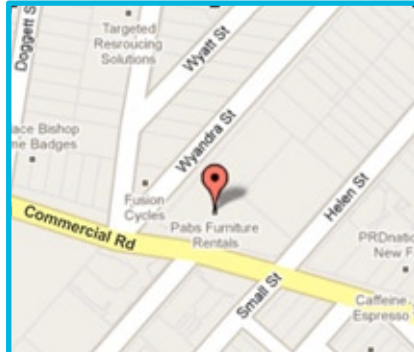

"The opening of the Brisbane office is a reflection of the difficulty employers face in their search for talent in today's market", comments Joel Barbuto, Managing Director, "Our presence here recognises that new and existing customers benefit from local partnerships and support. The new office also demonstrates our commitment to delivering recruitment solutions for employers in the Property and Real Estate Sector".

"We are all excited to be part of Gough Recruitment's expansion initiative and I look forward to developing relationships with Queensland employers", says Erin Filewood, Senior Administrator & Talent Manager.

The Newstead office is the latest addition to a growing list of established locations across Australia which already includes Melbourne, Sydney and Perth.
